## Semi-Annual Bargain Event to Which All St. Louis Economists Turn Out Begins at 8:30 To-morrow.

Preparations for this sale cover a period of more than three months, during which time our buyers made a thorough and systematic search of the markets and secured large quantities of Mill Remnants of all kinds and odd lots of manufacturers' goods at the merest fraction of their intrinsic value, and in every instance has the Grand-Leader standard of quality been fully maintained. With staple and desirable merchandise at about fifty cents on the dollar as the basis, the success of this sale is assured at the onset.

If it were possible to arouse the full measure of public interest to which this sale is clearly entitled, the crowds clamoring for admittance would resemble the eager, expectant throngs that viewed the Dedication Parade. But, as it is, we will not be able to hold the crowds to-morrow, and these offers announced in cold type have not the same magical effect as the values have after an inspection of the merchandise. Your interest demands that you peruse carefully this advertisement and always bear this fact in mind: THE VALUES ARE JUST AS GREATER THAN WE PROCLAIM THEM TO BE.
